Dear Chuck and Sherry:

Thank you for your recent gift to the School of Applied Sciences in support of the Department of Communicative Disorders. Our faculty, staff, and students join me in appreciation for your thoughtful gift which will assist greatly in its teaching and research programs. You truly make a difference as we strengthen our great university.

Warmest regards,

Robert C. Khayat

Dear Mr. and Mrs. Jenkins,

As Chair of the Department of Communicative Disorders, let me send you a very belated thank you for your donation to Dr. Greg Snyder's research. I know you already know Dr. Snyder is an exemplary professor in the area of fluency and stuttering. With dwindling research dollars, the donation to his ongoing research in the area of stuttering is very helpful. As added insight in this area, many universities no longer have a professor who specializes in stuttering, but add it to some other professor's teaching load.

I am pleased that Dr. Snyder was clinically supportive to your son. The Department is fortunate to have Dr. Snyder on our team of outstanding faculty, instructors, and staff. Please let me know if I can be of service to you in the future.

With many thanks again,

Carolyn Wiles Higdon/dmt
