USER CAUTIONS :

- These survey results should not be used for direct comparisons between, or rankings of, faculty. Many factors (including class size, class level, instructor gender, whether the class is required, and the students's class, expected grade, GPA, major, and gender) are known to bias survey responses. No attempt has been made to analyze for these factors.
- The enrollment for each course was captured at the time teacher evaluations were performed and may not match the final enrollment.
- The "Overall Rating" is taken as an average of the responses for question 11 (How would you rate the instructor's overall performance in this course?).

 - Great Prof!! You'll learn a lot.
 - He is very good about reviewing material until the students understand it. Dr. Snyder is really good at taking difficult material and breaking it apart so we can understand it

 - Dr. Snyder was very inappropriate. He and another student would have very awkward and inappropriate conversations during class. One time he talked about his ex girlfriend from college who tried to purposely to get pregnant. He also talked about smoking weed a few times. My parents did not pay for me to learn about this kind of stuff and I felt it very inappropriate for me to hear about.
 - class is very boring, hard to stay awake
 - he is sarcastic to students (have heard from multiple students) and it discourages us to ask him questions whether its inside/outside of class
 - moves very fast
 - none
