**USER CAUTIONS :**

- These survey results should not be used for direct comparisons between, or rankings of, faculty. Many factors (including class size, class level, instructor gender, whether the class is required, and the students's class, expected grade, GPA, major, and gender) are known to bias survey responses. No attempt has been made to analyze for these factors.
- The enrollment for each course was captured at the time teacher evaluations were performed and may not match the final enrollment.
- The "Overall Rating" is taken as an average of the responses for question 11 (How would you rate the instructor's overall performance in this course?).
